

# School for Scientific Thought “Happy Hour”

## Efficient Systems for Efficient Energies

A Research Presentation by Nate Tucker  
February 6, 2021 @ 2:15 – 3:00 PM

**Come to learn more about one of our awesome SST instructors!**

Nate Tucker is a PhD student in Control Systems studying under Dr. Mahnoosh Alizadeh in the Smart Infrastructure Systems Lab. He will be sharing a brief insight into his research as a graduate student looking at how we can use modern technology to increase the usage of renewable energy in areas such as transportation.
